- ❖ Disaster Preparedness and Response
- ❖ Mother and Child Health (MCH)
- ❖ WASH and Livelihood Rukum (WALI Rukum)
- ❖ WASH in Chepang communities

Organizational Development

HDCS HQ hosted the Project Coordination Team meeting from December 5th to 9th, 2022. This was a great opportunity to bring all the heads of projects, programs, and departments under one roof to report on the activities of the past year, challenges, issues and support required. This was also a time where we used our partner BMS World Mission's Organizational Capacity Assessment Tool to gather more information and delve into ways to build organizational capacity.

The meeting was a time of learning, sharing, and team building. The thematic areas covered in our workshops were on the topics of Identity: Vision, Mission, and Values, Leadership, and Policy and Systems. This is an exciting time at HDCS, as we will continue to look at other pillars of organizational development in the coming months such as Governance, Financial Management etc.

HDCS hosted its 31st Annual General Meeting on Saturday, December 10th, 2022. We are thankful to all our partners, supporters and friends for helping us achieve another year of many accomplishments.

ABBS children are engaging in many extracurricular activities such as the Disability day walk and talent show, as well as the Christmas festival that was held recently. It has been beneficial to have the center open and functional to serve special needs children.

On 23rd December, ABBS organized a Christmas Food Festival in Kathmandu at the ABBS center in Kathmandu. There were games, food stalls, talent show, and other activities to keep the parents and children entertained. The event also helped fundraise for ABBS activities. We hope for many more fundraising activities in the future to raise support for ABBS. ABBS is particularly thankful to all the parents and staff who volunteered their time, energy and efforts to make this a success.

Blood group testing campaign, which began on 12th September 2022, is ongoing in Chaurjahari Municipality. Since then 1,709 people have recorded their blood group.

KISC staff and students are travelling to Pokhara to attend a weeklong teamwork and leadership training.

At Namuna Community Hospital (NCH), construction work, repair and maintenance, and set up of departments are going on. NCH opened its doors from January 1st, 2023.

Four gender and disability toilets were built in different schools in West Rukum.

Our newest radio station called *Naya Asha* (New Hope) went on air on 16th December 2022. It will be a platform to educate, empower and help the local people of Janakpur.

CoRIN, Afno FM was able to garner support and raise funds to help victims of the earthquake that struck Far-Western region in November, where 6 people lost their lives and around 100 homes were structurally damaged.

Waste Management site construction is on-going at NCH and CHR as part of our DFAT Covid response projects and in preparedness to pandemics and environmental protection.

Namuna Community Hospital in Action

Free health camps have begun in various part of Lamjung through Namuna Community Hospital staff. On 28th December 2022, the team of 8 hospital staff travelled 3 hours to Dhuseni village development committee and provided free health care services to 675 individuals (120 male 555 female), The services provided at the camp were general checkups, gynecology services, dermatology, psychosocial counseling, blood glucose and HIV testing, and dental services. Hygiene awareness and education were also provided to the beneficiaries.
