Position: X-ray Technician

Location: HDCS Namuna Community Hospital, Sundarbazar, Lamjung

Application Deadline: June 29, 2026

About Us:

Human Development and Community Services (HDCS) is a faith-based NGO working in three main sectors of health, education, and community development since 1991. Currently, it manages various projects across Nepal especially in rural regions and provides services through hospitals, health camps, public health programs, disaster preparedness and response, school development programs, teacher training, educational daycare centres for special needs children and community radio stations. HDCS is committed to attracting and retaining the best employees from all ethnicities, gender and backgrounds in our vision to transform the communities.

Position Summary:

We are looking for a skilled and compassionate X-ray Technician to join our hospital team. The successful candidate will be responsible for performing x-ray and supporting the overall mission of our hospital.

Key Responsibilities:

- Prepare and operate X-ray and other diagnostic imaging equipment.
- Ensure equipment is functioning correctly and maintained regularly.
- Ensure patient safety by providing protective measures.
- Capture high-quality diagnostic images as per physician instructions.
- Collaborate with physicians and other healthcare professionals for accurate diagnosis.
- Maintain accurate patient records and imaging reports.
- Stay updated with advancements in radiological technologies and practices.

Qualifications:

- Diploma in X-ray Technology/Radiography.
- Valid license to practice as a X-ray Technician.
- Strong analytical and problem-solving skills.
- Excellent communication and interpersonal skills.
- Ability to work independently and as part of a team.
- Commitment to continuous professional development.
